- Kaka: what will be in the column for versions? Should we change that to “last update on” or sth like that?
- Ken: change to “last updated”
- Kaka: is it the admin list? If so we need to show who crates the project.
- Ken: add a contact person

## 1.1 Create project – project info

Projects Users Welcome \$user\_name

### Create new projects

Contact person\*

NEXT

- Kaka: What about creating a new version under an existing project?
- Ken: out of this document scope so far
- Kaka: just an idea on aesthetic - maybe this is a pop up from the Project list page.
- Kaka: Can we also upload client logo as an image in here?
- Ken: yes I think so

# 1.2 Create project - versioning

Seat count

Block color\*  Group color (if any)  Preview

Color picker

clicking "add" will update the table below

Display Name	Short form	Preview	Seat count	Space needed	Action
--------------	------------	---------	------------	--------------	--------

- Kaka: please update the text "Bar" to "Block color", and "Group Bar Color" to "Group Color"
- Ken: ok
- Kaka: does not need to show Code in here. Did you take away the text color box?
- Ken: sure, and yes I took away the text color

## 1.3.2 Create project - units

Projects Users Welcome \$user\_name

### Create new projects

Project info Versioning **Organization Units** Buildings Draw

Display name\*

Space needed\*

Short form (4 digit)\*

Seat count

Bar\*  Group bar color (if any)  Preview 

Org Name	Short form	Preview	Seat count	Space needed	Action
\$org-name	\$shortf		0 seats	1400 sqm	[Del] [Edit] [details][^][V]
\$org-name	\$shortf		0 seats	1400 sqm	[Del] [Edit] [details][^][V]
\$org-name	\$shortf		0 seats	1400 sqm	[Del] [Edit] [details][^][V]
\$org-name	\$shortf		0 seats	1400 sqm	[Del] [Edit] [details][^][V]
\$org-name	\$shortf		0 seats	1400 sqm	[Del] [Edit] [details][^][V]

- Kaka: under Action column, please change details to remarks
- Kaka (Feb 16) Maybe adding a “recently used color” / “already used group color”?

## 1.4.1 Create project - buildings

The screenshot shows a web application interface for creating buildings. At the top, there are tabs for 'Projects' and 'Users', and a welcome message 'Welcome \$user\_name'. The main heading is 'Create new projects'. Below this, there are navigation tabs: 'Project info', 'Versioning', 'Organization Units', 'Buildings' (which is highlighted), and 'Draw'. The 'Buildings' section shows 'Total tower: 1'. A form for 'Tower 1' is displayed, with fields for 'Tower name\*' and 'Number of floor\*'. There are control buttons: '^', 'v', and 'DELETE' for the tower, and an 'OK' button for the form. A blue 'Add tower' button is also present. A 'NEXT' button is located at the bottom right. Hand icons point to the 'OK' button, the 'Add tower' button, and the 'NEXT' button, with explanatory text: 'clicking "OK" will generate the floor block here', 'clicking here will generate 1 tower block', and 'clicking here will generate 1 tower block' (repeated).

- Kaka: need to discuss on this page

# 1.4.2 Create project - buildings

- Kaka: need to discuss on this page

Projects Users Welcome \$user\_name

## Create new projects

Project info Versioning Organization Units Buildings Draw

Total tower: 1

**Tower 1** ^ V DELETE

Tower name\*

Number of floor\*  
 OK

Click the textbox to instantly change the content and saved

Floor name	Area	Offset	Void	Core	Action
\$floorname	\$area	\$offset	\$void	\$core	[Del] [^][V]
\$floorname	\$area	\$offset	\$void	\$core	[Del] [^][V]
\$floorname	\$area	\$offset	\$void	\$core	[Del] [^][V]
\$floorname	\$area	\$offset	\$void	\$core	[Del] [^][V]
\$floorname	\$area	\$offset	\$void	\$core	[Del] [^][V]

Will go to "Draw" interface

Go to DRAW

Add tower

# **[SP STACKER]**

## **Feature: 2.0 Edit project**

## 2.1 Edit project – Edit project & List version

Projects Users Welcome \$user\_name

# \$project\_name
